v.

SETTLEMENT AGREEMENT

**KENTUCKY OFFICE OF MINE
SAFETY & LICENSING**

RESPONDENT

Come the parties, Petitioner Ronnie Caldwell, *pro se*, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that is currently scheduled for November 9, 2006, the Petitioner hereby admits that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his underground miner and gas detection certificates on September 1, 2006. He agrees that the evidence is such that it could be determined that he violated KRS 351.120. Therefore, Ronnie Caldwell hereby agrees to the following:

1. The suspension of his underground miner and gas detection certificates until such time as his application for restoration of his certificate is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13), but in no event shall the suspension end sooner than November 16, 2006.

2. The Petitioner's underground miner and gas detection certificates shall be placed in probation for a period of one (1) year from the date of the restoration of said certificate by the Board, subject to the conditions set forth in Paragraphs 3 and 4, below.

3. During this one-year probationary period, Caldwell shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Caldwell of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his certificates for the remainder of the probationary period.

4. Caldwell shall submit to drug testing once every thirty (30) days and have the results of same reported to OMSL, at his own expense. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Caldwell understands and agrees that the report of any positive drug test results shall be cause for the revocation of his certificates.

6. The parties agree that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(13). The parties further agree that the Petitioner's successful fulfillment of the terms of this order shall result in this designation being removed from his record.

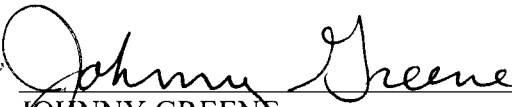

Caldwell understands and agrees that he has had the opportunity to retain an attorney to represent him in this matter, but that he has chosen to represent himself. Caldwell further states that he has carefully read this Settlement Agreement (or that the

Settlement Agreement has been read to him), that he has carefully considered the Agreement prior to signing it, and that he understands and agrees to its terms and provisions.

OMSL and Caldwell acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
